

Introduced by Senator Murray

February 23, 2006

An act to add Section 25407 to the Public Resources Code, relating to energy.

LEGISLATIVE COUNSEL'S DIGEST

SB 1572, as introduced, Murray. Energy: solar energy systems.

Existing law requires the State Energy Resources Conservation and Development Commission (Energy Commission) to expand and accelerate development of alternative sources of energy, including solar resources. Existing law requires the Energy Commission to develop and adopt regulations governing solar devices, as defined, designed to encourage the development and use of solar energy and to provide maximum information to the public concerning solar devices.

This bill would state the intent of the Legislature to establish policies for the Energy Commission in the certification of solar energy systems and the establishment of building standards for the offering of solar energy systems on new buildings.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 25407 is added to the Public Resources
- 2 Code, to read:
- 3 25407. It is the intent of the Legislature to enact legislation to
- 4 establish policies for the commission in the certification of solar

- 1 energy systems and the establishment of building standards for
- 2 the offering of solar energy systems on new buildings.
